CONDEMN LAND AT FORT MONROE

One Hundred and Five Acres Wanted for Improvement.

(Special to The Times-Dispatch.)

NEWPORT NEWS, VA., March 24.—It was learned here to-day that the United States government has begun proceedings in the Federal Court for the condemnation of 105 acres of land adjoining Fort Monroe.

This land is to be used in connection with the extensive improvements on the reservation at Old Point Comfort.

The government first tried to buy the land, but could not reach an agreement with the owners in regard to the price.

Two acres of the land belong to the Xavier Brothers, who came to this section a few years ago and established the Old Point Comfort College. The remainder belongs to the McGinnis estate.

John Williams, a sailor on the schooner Edith Allen, fell down the hatchway of the steamship Florida and received probable injuries.

Second Lieutenant William J. Whitthorne, a native of Tennessee, is dead at the hospital at Fort Monroe. He served in the Spanish-American War in Troop Eleven, United States Cavalry, and was transferred to the Fortieth Infantry. He had just returned from the Philippines, and contracted pneumonia.

PRaises OF RISEN LORD

Splendid Music in All the Richmond Churches on Joyful Easter.

ELABORATE PROGRAMMES

A Number of Choirs Have Attempted to Do Greater Things Than Ever.

Easter, just a week from to-day, the churches dotting the broad expanse of the nation will ring with glories and anthems of joy and praise over a risen Lord.

At no season of the year, not even Christmas, is the music of the churches so thrilling, so joyous and so bright.

The monumental work of the Saviour has been accomplished; He is the victor over life and over death. Little wonder that the masters have thronged, their souls into the music written on a theme, probably the only one under the sun, not tainted by sadness over so slight a thing.

No city of its size in America is more music-loving than Richmond. Often and truly, possibly, has it been said that few cities of any size are more critical.

Understand, then, that such high standards have produced a marked degree of excellence.

A splendid feast of music delights devout Richmonders year by year at the Easter time, and next Sunday will see no exception. The choirs of many of the churches have long been rehearsing exceedingly attractive programmes, not a few of which are appended:

WILL YOU HELP A SICK FRIEND?

Get My Book For Him Now.

Which Book 1 on Dyspepsia, Book 2 on the Heart, Book 3 on the Kidneys, Book 4 for Women, Book 5 for Men (sealed), send? Book 6 on Rheumatism.

Said me no money. I tell me which book to send. You certainly know of some one who is sick—some sufferer who will be grateful for the help my book offers.

And that book tells of a way to help. Tells of a way so certain that I, as a physician, offer that help on trial. The book tells how for 30 years in hospitals and at bedside I searched for a way to cure deep-seated and difficult diseases. I tell how I perfected my prescription—Dr. Shoop's Restorative. How by scientific experiment I traced out the causes that bring on chronic diseases. I found invariably that where there was a weakness, the inside nerves were weak. Where there was a lack of vitality, the vital nerves lacked power. Where weak organs were found, I always found weak nerves. Not the nerves commonly thought of, but the vital organs' nerves. The inside—the invisible nerves.

This was a revelation. Then my real success began. Then I combined ingredients that would strengthen that would vitalize, these nerves. That prescription I called a restorative. It is known the world over now as Dr. Shoop's Restorative. After that I did not fail to cure one case in each hundred. In the extremely difficult cases, my failures for five years were not in each forty treated. I found cancer incurable. Cancer is for surgery, not medicine.

Then how to get this prescription to sick ones everywhere was my thought. I must announce it in the public press. But, thought I, will they realize the real truth of my discovery, the real power of Dr. Shoop's Restorative? Then a way came to me—like an inspiration. I will offer it on a trial. Then they will know I am sincere; that my prescription is unusual.

I wrote a reliable druggist in each city and village in America. They agreed to co-operate with me. Now by any sick one, Dr. Shoop's Restorative can be taken at my risk. For a full month I will let you try it entirely at my risk. I will send no money. Just write me for the book you need. I will send it to you. I will send you a druggist near by who will permit the month's trial. Use the Restorative a month. Then decide. If you say to the druggist, "It did not help me," that will relieve you of any expense whatever. He will bill the cost to me. This is my way of clearing your mind of all doubt as to what Dr. Shoop's Restorative can do.

No matter how prejudiced, you cannot dispute this absolute security I offer. You cannot resist an offer like this if you are at all sick. If you have a weakness, write me. If you can't do things like you used to do them, tell me about it. Write in confidence. As a physician I will tell you a way to help. Get my book now—to-day. Address Dr. Shoop, Box 1233, Racine, Wis. Mild cases, not chronic, are often cured by one or two bottles. At druggists.
